Alkosign is the biggest dedicated manufacturing unit with a production space of more than 30,000 sq. feet, for writing boards and display systems in India.

Since the inception of the company in 1992 our sales in the local as well as export market has increased many times over.

Our success has been due to strict quality control, good packaging and our marketing network.

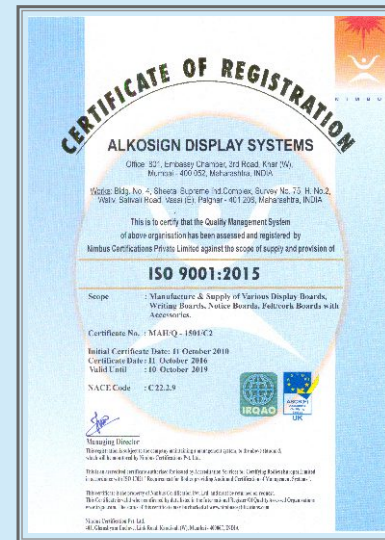

We are an ISO 9001-2015 certified company and we always strive to give our buyers something new with the best world class quality. We are proud to introduce the latest patented products to keep you tuned with the International scenario in this millennium. We always endeavour to give you not only the products but also the best solution to meet your real demand.

In addition to our regular products in **Gen-ex®** series we have introduced the **Brainee®** series of up down writing Boards and Sliding Boards and **Glassy-Bo®** series of magnetic and non- magnetic glass writing & projection boards.

As a concern for education we have introduced sturdy and economical desks & benches in the **Sit & Study®** range. To cope up with the increasing orders we have increased our production space three folds.

We will still keep the same policy to innovate the best products, provide the best price and offer the best service for timely execution.

We highly appreciate the long term and steady support from all our clients , stockist, distributors and foremost all our staff and workers, who have made this possible.

We are Registered with :

- ISO 9001-2015 : MAH/Q-1501/C2 Dtd. 11-10-2016
- NSIC /MUM-AD/GP/RS/A-34/MH Dtd. 09-01-2018

SUPER QUALITY

SUPER QUALITY ★★★★★★ long term intensive use.

- ▶ Ceramic (Porcelain Enamel) fused at high temperature on steel surface has a very high surface hardness & excellent abrasion resistance.
- ▶ Twenty five years guarantee for the surface under normal use.
- ▶ Semi matt surface can be used as a screen for OHP also.
- ▶ Accepts magnets.

Available in white color for writing with dry wipe markers and green for writing with chalk.

PLUS QUALITY

PLUS QUALITY ★★★★★ Long term regular use.

- ▶ Triple coated steel surface with top coat of acrylic resin over a galvanized steel base.
- ▶ Surface is smooth, glossy and permits easy writing and erasing.
- ▶ It is a good economical surface.
- ▶ Accepts magnets.

Available in white color for writing with dry wipe markers and green for writing with chalk.

WRITE QUALITY

WRITE QUALITY ★★★ regular use.

- ▶ It is the most economical dry wipe or chalk writing surface.
- ▶ It is highly durable.
- ▶ High pressure special white melamine laminate surface for writing with dry wipe markers and **special coated green laminate surface** for writing with chalk.
- ▶ **Does not accept magnets.**

Astra chrome super boards

Astra Section

Chrome corners

- ▶ White ceramic surface for dry wipe markers.
- ▶ Green ceramic surface for writing with chalk.
- ▶ Ceramic enamelled Steel surface.
- ▶ Scratch resistant, no ghosting.
- ▶ Surface with 25 years warranty under normal use.
- ▶ Framed in double sided curved Astra section gives good strength.
- ▶ **CHROME PLATED** plastic corners- good aesthetics.
- ▶ Chrome plated metal corner brackets for easy fixing on the wall in landscape or portrait.
- ▶ Fixing screw and anchor plugs provided.
- ▶ Accepts magnets.
- ▶ Magnets, pen trays and other accessories order separately.

Alkosign Introduces First Time In India World Class Innovative

Writing Boards for Lecture Rooms

Manual Dependent Up Down Writing Board

Motorised Dependent Up Down Writing Board

Manual Independent Up Down Writing Board

Horizontal Sliding Board

**UP DOWN
& HORIZONTAL
SLIDING WRITING
BOARDS**

Manual Dependent Up Down Boards

In this system the two boards are dependent on each other. When one board is pushed up manually the other board comes down. In classrooms when one board is fully written it is pushed up and the lecturer can write on the second board. The continuity is not lost. Writing surface is porcelain ceramic enamelled steel surface. White colours for writing with dry wipe markers and green for writing with chalk.

Standard Size of White or Green Board
2400mm x 2400mm. It consists of two boards.
Each board of size 1200mm x 2400mm

Manual porcelain ceramic dependent white
Up Down board for dry wipe marker.

Art No : AUD M C 240 x 240

Art No : AUD M C 240 x 300

Art No : AUD M C 240 x 360

Manual porcelain ceramic green dependent
Up Down Board for writing with chalk.

Art No : AUD M CC 240 x 240

Art No : AUD M CC 240 x 300

Art No : AUD M CC 240 x 360

- ▶ Aluminium sections are silver colour anodised.
- ▶ Special request for champagne colour anodizing or powder coating can be considered.
- ▶ Other sizes and combinations as per request.
- ▶ Fitting instructions provided.

Improved Noiseless Motorized Dependent Up Down Boards

Movement of boards are dependent on each other. When one board goes up the other comes down. Special imported tubular motors are used for their movement. Remote control (R) or electric switch control (E) can be provided in the motors for movement of the boards.

Standard size:

2400mm x 2400mm it consists of two boards.

Each board of size **1200mm x 2400mm**

Motorised Dependent porcelain ceramic white up down board for dry wipe markers

Writing & Projection Boards

- Glass Magnetic writing Boards
- Glass magnetic Chalk Boards
- Glass Writing cum Projection Boards
- Stands for glass boards
- Accessories

Introduction

Alkosign welcomes you to the most innovative products developed for the first time in India.

We are the first and still the only manufacturers of Rounda File the rotating box filing system since 1992.

Then we introduced peg board in the tile system and letter figures of all sizes first time in India. By 1994 we started pin boards and writing boards. Continuous developments of products has been our forte.

Now for the first time we are introducing a full range of writing glass boards under the brand name of Glassy-Bo™

Advantages

Writing boards have long been used for teaching students of all ages. First came the black boards in schools, then the white boards revolutionised the education system. Glass white boards are the cutting edge board technology for teaching, presenting or brainstorming.

Alkosign introduces for the first time in India a new range of **GLASSY-BO™ MAGNETIC** glass boards, the new standard for visual communication in the work place, schools, colleges, hospitals and any place where writing communication is important.

The beautifully smooth glass board surface is compatible with any marker pen and wipes away easily without ever staining or ghosting.

Glass boards provide a writable surface that looks fresh after every use. In contrast normal white boards need to be changed every few years, the glass board lasts as much as the life span of the wall. In addition to writing magnetic glass board technology is the latest technology to fix pictures, art projects, maps and easily move them whenever required. Magnetic Glass boards are made from 4 mm toughened glass that is 5 to 7 times stronger than normal glass. Glass boards are typically frameless creating a sleek & modern look.

- ▶ Use Drywipe markers of good quality
- ▶ Beautifully smooth glossy glass surface.
- ▶ Six colours extra clear glass for white and clear glass for other colours.
- ▶ Thickness 4mm for size upto 1200 x 2400
- ▶ Wipes easily -surface remains clean always.
- ▶ No Staining.
- ▶ Special Magnets hold papers on the board.
- ▶ Suitable pen tray order separately.
- ▶ **Fitting on the wall by Stainless steel glass clamps (GC) four Nos. up to 90 x120 size & six numbers for above 90 x 120 cms**
- ▶ Fitting instruction and hardware included with every board.

Colours of glass writing boards and code.

Size of Glass Boards	Art No.	Mounting
450 mm x 600 mm	AGB04560	GC
600 mm x 900 mm	AGB06090	GC
900 mm x 1200 mm	AGB090120	GC
